President's Message

This month I start with a simple suggestion being that you read rather than glance over the club emails / newsletter that are sent out.

A strange request, you may well ask, however there have been recent occasions where members have missed out or not known of current changes / situations within the club during current events.

In the meantime I leave you with this thought in mind:-

" Yesterday is history,
Tomorrow is a mystery,
Today is a gift,
So that is why
it is called **The Present**"

Brian
President.

LOOKING AHEAD

Whilst our meeting venue [Boomerang] has reopened it has to operate under current government health regulations. Current planning is to have the function room opened by end of June however numbers and distancing rules will have to be observed. [Under current rules a maximum of 35 could be seated in the room]

Initially our first meeting would be committee only in order to formulate a club program etc. for the short term until we are able to return to our former activities which may well extend into 2021.

Our 2020 Presentation Night is still locked in for September [subject to regulations being eased as currently indicated]

Note that our monthly member photo competitions still operate as normal.

SELFIE CHALLENGE

Just a reminder to members who have taken up the challenge of snapping a selfie showing us what you did during covid isolation we will be seeking your images at month end.

Pop them in a folder and hold until we put out the call.

Still a few weeks if you already have not taken up the challenge.....go on why not
