Paatsch Shield Day Out

On Sunday 7th May 13 members travelled out on a cold wet morning to meet up in Rutherglen with 13 Benalla Camera Club members for our annual Paatsch Shield. After receiving the paperwork and information for the day we ventured out to undertake the various subjects to photograph. We met up again for lunch at the Corowa Golf Club where we had the opportunity to get to know each other from the two clubs a little more. Following our break for lunch we continued to complete our photographic challenges. A number of us were fortunate to be allowed access inside two of Corowa's lovely old churches. Overall, it was a very enjoyable day and thank you to those members' who took part and braved the cool weather. We look forward to seeing the variety of images taken on the day. Details in relation to the date and location of the Paatsch Shield Presentation will be announced when finalised.

Outside - Inside Challenge

This month entries are due in for an image of either a Garden, Plant or Path. Remember to keep your images either all in Portrait or Landscape size to be consistent when all alongside each other. The images below of garden paths may offer some inspiration. Fallen leaves are in abundance at the moment and could provide for a nice scene. Please put your entry into Visual Pursuits by Monday 19th June.

ICM Zoom
presentation
Sunday October 15
10.00am

With Stephanie Johnson

This upcoming presentation on Intentional Camera Movement (ICM) will give members an insight on this style of creative photography. Stephanie's talk will provide some useful information for the Set Subject we have due in January 2024 for March. This should provide plenty of time to put to use the skills Stephanie will demonstrate. The presentation is to be held via Zoom allowing members to watch at home and will be for a duration of approximately 2 hours.

The presentations will include the following:

- PDF download of presentation for all camera club members
- Short field work video to show how Stephanie works in different settings.
- Two additional bonus ICM visual storytelling downloads
- An explanation of what ICM is and Stephanie's philosophy about the art and beauty of intentional camera movement.
- A basic tutorial on ICM photography techniques with before and after examples.
- Many examples of ICM images using various movements along with the camera settings and live demonstrations for the movements used for each of the images.
- Numerous example images of various ICM movements, along with camera settings for the images
- Some advanced techniques are also discussed, such as Multiple Exposure ICM, along with sample images, technical details, and descriptions for how the images were created.

VIGEX Inc., a small volunteer committee of photography enthusiasts, has been running international photographic salons in Geelong since 1980.

Until 2016, these consisted exclusively of print salons, run every two years. In 2016, VIGEX conducted its first digital salon, intending to alternate between these and the print salons year on year.

The second digital salon was run in 2018 and preparations were well underway for the third digital salon in 2020, when the Covid 19 pandemic rudely interrupted us, forcing us to postpone it until 2021. That salon was very successful, So ...

.... entries are now being received for the:

4th VIGEX International Digital Photographic Salon 2023.

Entries close on Sunday 2 July 2023.

The Salon is being run under the patronage of:

Approved Exhibition
