Closing date for any items for the November Newsletter is November 2nd.

President's Message

Being a camera club we tend to keep all matters photographic. Hence we do not highlight day to day celebrations / illnesses or the like that members experience.

It has come to my attention that some of our club members have suffered health issues during the past few months which, of course, is not the news that one likes to hear .

I am sure that members join with me in expressing get well wishes to all our good friends who have had or are experiencing health issues at this point in time.

President Brian

DID YOU NOTICE?

The emailed copies of last month's newsletter had the incorrect month's heading.....how observant were you?

IMAGE TITLES

Following our articles on the titling of images over recent months I did receive a reply from one member which, I must add, was most welcomed.

Whilst the member concerned did title most of her images for filing and future references it still provided a new outlook to the process.

To quote " My titles are often quick descriptive ones. I will make an effort to put more thought into the very best pictures in future just to keep the brain ticking over."

One of the Presenters [Lisa Langell. USA] on APS Live will be speaking on Titles.

###Refer this newsletter [page 4] for APS Live details and registration###
