Bright Road Trip

Members braved cold weather on Sunday 16th May to explore Bright and surrounds with camera in hand. We were assigned with the task of creating images that met a list of criteria. This was a good opportunity to search for details in our surroundings and take creative photos from a different perspective of objects that often go unnoticed. Most of us took a couple of breaks in between to warm up with cuppas, lunch and a chat. Thank you to Louise and Helen for organising the day.

Visual Pursuits - Website for Image Competition Management

Our club involvement with the Visual Pursuits website is now in the trial stage. The next twelve months of monthly competitions are set up and the site is ready to accept images. More members are gradually being added to the site, starting with committee members. Instructions have been prepared, ready to help you get started. <https://wacc.visualpursuits-au.com>

What do judges look for?

This Monday night our member David Skinner will be giving us an insight as to what judges look for in an image. His presentation will be based around aesthetics, composition, tips on what to avoid, and on what to include in your images.

The session will include an opportunity to have everyone participate in a workshop and look at some images from a judging perspective.

Diary Dates 2021
