

Preparing EDI Images – with Photoshop Elements for WACC Competitions

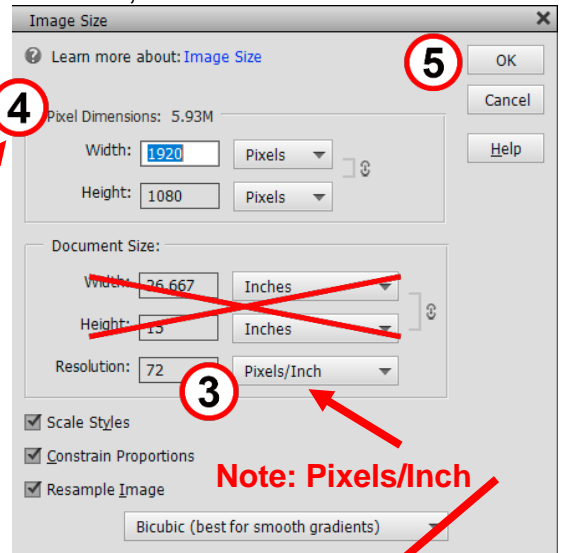

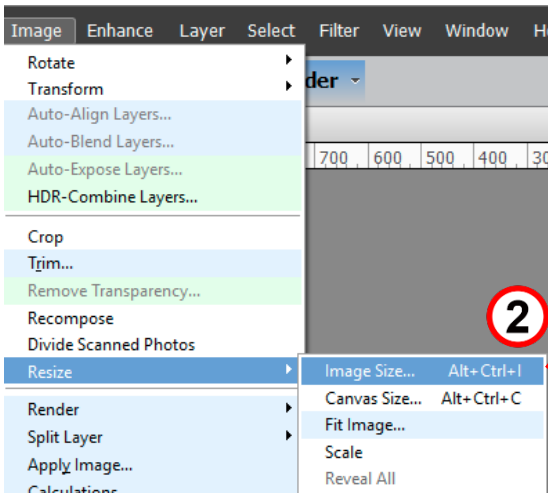

Before you start

Remember your best to be working on a **copy NOT** your **original**.

...So, you have finished working on your image and **saved** it as a PSD, TIFF or JPEG etc.

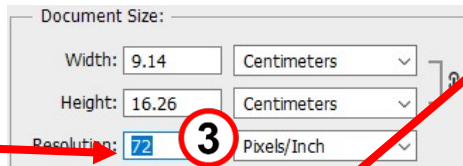

1. Crop the image

2. Select **Image Size** from the **Image** menu

3. Enter 300 in the Resolution box

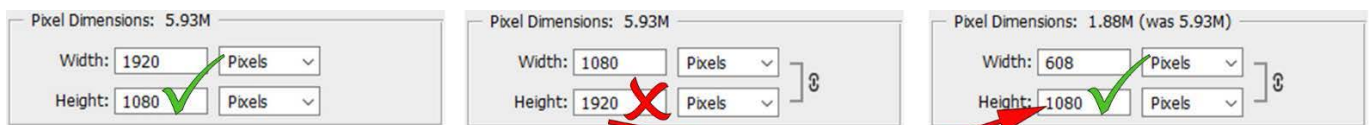

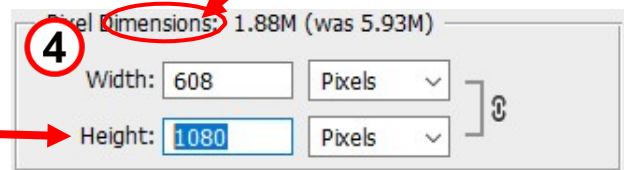

Ensure you have **Pixels/Inch** selected

4. Resize the image... carefully. Pixel Dimensions

Portrait orientation
Height - Enter 1080

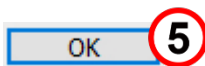

Landscape orientation

Width - Enter 1920, CHECK that the height is less than 1080 if not Enter 1080 for Height and leave the Width as is.

X Height needs to be 1080 or less, correct by entering a height of 1080

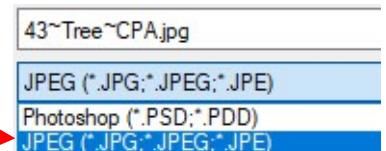

5. Press OK

Now select **Save As** from the **File** menu and save as **jpg** file.

For WACC: Image Title = Member No.~Title~Competition e.g. 43~Tree~EDIA.jpg

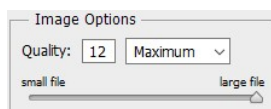

Refer to <http://www.waccfoto.com/pages/preparingImages.html> for details.

Press Save

Ensure Quality is Maximum

and Press OK

6. **BE CAREFUL** – Do not **over right** your original file, **work** on a **copy!**
